### ***CAN YOU BELIEVE IT ?????***

#### **'WEALTHY WHITE LIBERALS REPORTEDLY URGE DEMOCRATS TO BE 'WILLING TO GET SHOT' OPPOSING TRUMP!'**

That was the headline in the Daily Caller on July 7, 2025. As we all know, with the recent shooting in Minneapolis by ICE of a protestor who was accelerating her car toward an ICE agent, that appeal to violence has now actually happened.

The Daily Wire had reported back in July 2025 that Democrats told Axios they had been receiving messages from their voters telling them to be “prepared for violence” and that “...what we really need to do is be willing to get shot” when engaging with ICE. An anonymous House Democrat further added, “Our own base is telling us that what we’re doing is not good enough..[that] there needs to be blood to grab the attention of the press and the public”.

### ***Can you believe it??? YES!***

As a result, not only has one protestor been shot and killed, but violence has erupted in several U.S. cities, including Portland and New York City. Many in the news have questioned what actually happened with the shooting, and two sides of the story have emerged.

The official story is that the protestor, who had been harassing the ICE agents all day, who had trained with an organized anti-ICE group, who was being paid to protest that day, and whose partner had been filming the confrontation on her phone and told her to “Drive, Baby, Drive”, had accelerated her vehicle toward an ICE officer while the agents were attempting to stop and arrest her. Shots were fired as the car accelerated toward one of the officers. The other side of the story, is that an innocent mother who was on her way to pick up her child, was shot by officers as she tried to flee arrest. As we all know, Democrat politicians are using the tragedy, ***of their making***, to incite further violence, with their never-ending negative rhetoric about ICE.

The news media, in an attempt to demonize the ICE agents involved in the shooting, is describing the deceased protestor as a loving mother of three, who was a poet and the owner of a home-repair

business. In actuality it has been reported that she was divorced and lost custody of her two oldest children, became married to another man and had another child, and who after the death of her second husband became radicalized and part of the LGBTQ+ community. The photo of the pretty woman with long hair is apparently from a time long ago. Although we do not desire to speak ill of the departed, it is important to understand the nature of the person who was radicalized and who in fact interfered throughout the day with federal agents doing their job, and who sadly lost her life following the Democrats call to violence.

Our country was invaded during the Biden administration with more than 10 million immigrants entering our country **illegally**. ICE is arresting and detaining these **illegal** immigrants and criminals and deporting them back to their home country as they have done for decades under both Democrat and Republican administrations. Why are the Democrats of today fighting this? When was it OK to enter our country illegally by the millions and demand housing, medical care and social assistance by the American taxpayers. We know, don't we?? It became OK, when the Democrats needed something to whip up their voters for the 2026 midterms, and to add new voters to their Democrat voter base for the future!! How sick is that?

### **WHEW!! AFTER ALL THAT, YOU NEED SOME FUNNIES TO MAKE YOU LAUGH!!**

We received an email from one of our conservative friends that we felt we had to pass on to lift your spirits and make you laugh!! For those of you who are under 60, you may not think these are so funny, but to the rest of us we had a good belly laugh:

- 1) When one door closes and another door opens, you are probably in prison.
- 2) To me, “drink responsibly” means don’t spill it.
- 3) When I say, “The other day,” I could be referring to any time between yesterday and 15 years ago.
- 4) When someone asks what I did over the weekend, I squint and ask, “Why, what did you hear?”
- 5) Sometimes someone unexpected comes into your life out of nowhere, makes your heart race and changes you forever. We call those people cops!
